outdoor cooking

Warranty · Outdoor kitchens

- Warranty for kitchen cabinets is limited for five years and subject to the warranty of the company. All related products will be given a warranty subject to the instructions of the importer.
- The company recommends a cover for the protection of the kitchen and products. In any case of damage as a result of wind, no warranty will be given for damaged products.
- Once a year, apply Silicone spray to lubricate door hinges (we recommend MOTIP M107).
- Guidance on electrical/gas products at the customer's home is possible for an additional fee, instruction in the showrooms of Importers will be provided for no extra charge.
- The pictures and imagers are for illustration only and do not necessarily reflect the proposed model.
- This quote is valid only for up to 14 days.
- The warranty of the appliances will be according to the supplier of the specific item.

Terms of payment

- 30% down payment. Remaining balance will be paid one week before delivery.
- Account details for bank transfer:
In honor of: capo-cuoco Ltd. (CP 515879666)
Bank - 12 | Branch - 630 | Account - 665958
- I give my consent to "capocuoco" to photograph the kitchen about a month after installation, the copyright on the photo will belong to capocuoco.
· **Customer details will remain confidential.**

Terms of cancellation

- Cancellation fees are according to transaction cancellation regulations.
- Production of a product that is custom-made and will be specified in the order - will be paid in full even after the cancellation of the transaction.

Installation

- In some cases, due to inconvenient access that may harm or defect the cabinets, the use of a compatible crane will be at the customer's expense.
- It is the customer's responsibility to ensure a straight floor, and if necessary straight walls. "capocuoco" will not be responsible for deviations and spacing caused by this.
- Delivery times for customized items cannot be guaranteed.
- Cladding and Toe Kick for ancillary / integral products are customized and their design process is different from our standard process, Therefore we can not commit to delivery times.
- It is the customer's responsibility to ensure proper preparation of gas, electricity and water infrastructure.
- At the end of the installation process, It is the customer's responsibility to ensure the installation of gas, electricity and water by a certified personnel.
- It is the customer's responsibility to ensure that the surface / floor is level upon arrival for the kitchen installation.
- In case a kitchen approved for production based on a measure commitment and not a measurement, The customer must also commit to leveling the floor.
- In case of ordering parts as a result of an unlevel floor (such as: side wall, back wall, toe kick), additional payment will be required for these parts.

Electrical and gas products will only be installed by a qualified technician. Safe operation of gas and electrical products is the sole responsibility of the customer, improper use may cause damage to the body and / or property.
